

Table of grants based on Call 2022-C (Career support)

Formal SNSA allocations for grants were decided on 2023 January 3. The table below does not guarantee funding. The grants are planned to be specified in Prisma in the week of January 9-13, followed by agreement to the grant terms by researchers and organisations. Feedback to applicants can be expected in January.

Dnr	Principal applicant	Affiliation	Project title	Type of career grant	Grants (kkkr)					Total	Comments
					2023	2024	2025	2026	2027		
2022-00108	Linda Megner	Stockholm U.	Atmospheric gravity waves - Bridging the gaps	Senior researcher position	1 451	1 485	1 520			4 456	To be invited to Call 2025-P for Phase 2 (2026-2028)
2022-00111	Lina Eklund	Lund U.	Pyrogeography in Conflict Contexts: Satellite Remote Sensing of Vegetation Fires in the Middle East	Research fellowship	331	1 029	1 029	1 102	684	4 175	
2022-00121	Cecilia Norgren	IRF	Plasma heating and acceleration in reconnecting systems	Research fellowship	1 241	1 237	1 270	1 311		5 059	
Sum:					3 023	3 751	3 819	2 413	684	13 690	kkkr
